### **A Decade of Dedicated Service**

IREC has completed 10 years of charitable work in service of humanity. We had a very humble beginning with the aim of empowering the community by providing education support in rural areas. As we were reaching out to the deserving sections of our society, we saw that there were other needs that we had to step up to. That sowed the seeds for our rapid growth. From an annual spending of \$5000 in the year 2012 we have now been able to complete projects for a total cost of over half a million dollars.

This journey has been made possible with the whole hearted and kind support from our valuable donors. The trust that has been put into this organization by regular donors means a lot to us. We have been upholding that trust year after year growing not only in the number of projects we have taken up but also in the number of people we have reached out to support. In these 10 years we were able to support **538,000** beneficiaries.

A dedicated team of highly experienced leaders and volunteers have been working directly with the beneficiaries. They work diligently to identify the needs and make the best use of available resources resulting in getting the best output and maximizing the benefits of your generous donations. IREC's goal has always been to ensure that all the contributions from its donors are utilized in an efficient way and the entire amount of your donations reaches the beneficiaries.

Your support to IREC was highly appreciated. We hope you will continue to support us in the future. Your donations make a huge difference in the lives of people we help. The growth and progress we have made wouldn't be possible without your generous donation and support. We are thankful to you.

Regards  
IREC Board of Directors
