## Letter from Board of Directors

Dear Patrons

IREC has completed seven years in the service of our community. It had a very humble beginning with only education support project. As the needs of community increased, our scope started to become broader. With Your generous contributions and continuous encouragement, we were able to establish and sustain more support programs. This has resulted in IREC being able to help a larger and more diverse group of our community.

With our growth we also had newer challenges which we are able to overcome with dedication, determination and your valuable support.

We appreciate your contributions to IREC. We are confident you will continue to support us in the future. Your donations make a huge difference in the lives of people we help. The growth and progress we have made wouldn't be possible without your generous donation and support. We are thankful to you. May Allah accept our efforts. Indeed all success comes from Allah.

Regards  
IREC

# **2019 Annual Report**

IREC is a charitable organization that was established in 2013 with a vision to cater the diverse necessities of deserving sections in our society. These diverse necessities are education, food, emergency relief, shelter and welfare to poor, orphans, underprivileged children and widows in India.

We had a significant increase in the number of applicants during 2019. The enthusiasm shown by our donors and their participation has helped us to extend valuable support for various projects run by IREC.

Another important project that IREC has initiated in 2019 was to provide direct support to educational institutions. As part of this program, we sponsor salaries of staff, help build libraries, computer labs and classrooms at the school. In return we are able to get free education for a set number of students as identified by IREC volunteers. This is a great initiative as the investment in these schools provides access to free education on a long term basis.

An experienced team of visionary leaders and hardworking volunteers on site in India are constantly working to identify the most deserving beneficiaries to put your generous contributions to the best use.

Apart from working to identify the beneficiaries, IREC also makes sure that all the contributions from its donors are utilized in an efficient way so that the entire amount of your donations reaches the beneficiaries. We work diligently to keep the operational costs at a minimum.

Transparency and accountability is paramount to everything that we do as an organization.

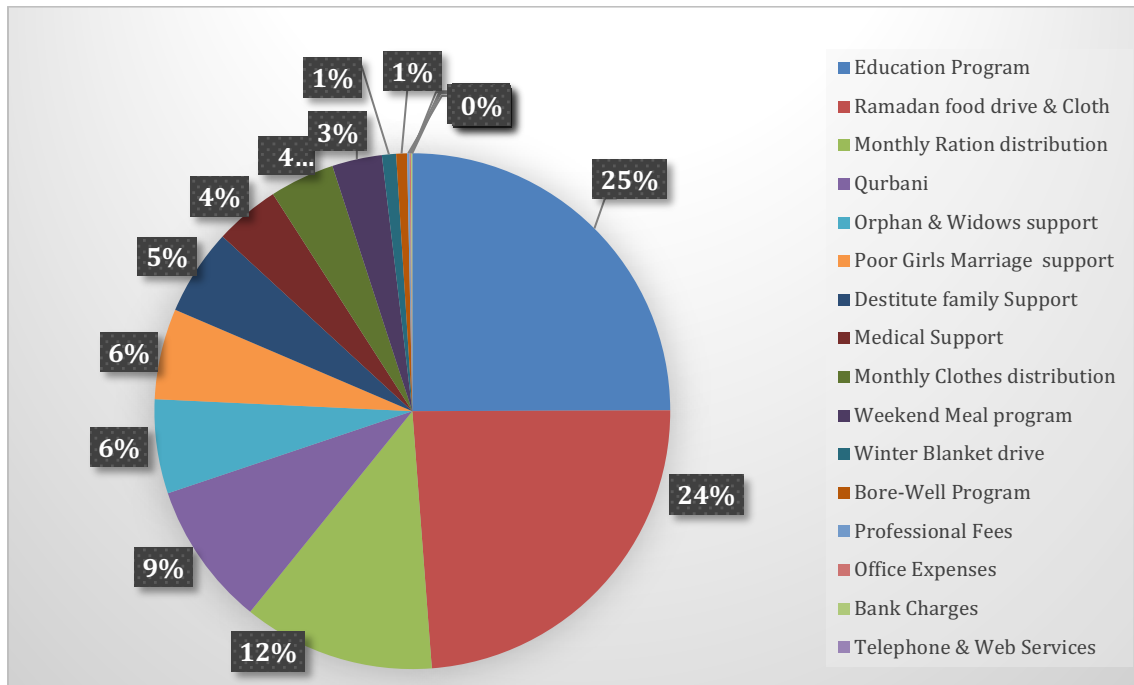

The management, volunteers and beneficiaries of IREC would like to extend their heartfelt thanks to you for your kind consideration and support for all the programs initiated and run by IREC.

We look forward to your continued support for all current and upcoming projects in the future.
