Highlights of IREC Support Projects

**“Your Support,  
Their Success:  
Transforming  
Communities  
with IREC”**

## HELPING PEOPLE WITH YOUR SUPPORT

IREC has been at the forefront of community service since 2013 providing valuable support to the most deserving members of community. With your generous donations we have been able to help thousands of individuals each year providing educational, medical and financial support. Together we have put hundreds of deserving students on a path to success and pulled hundreds of families out of the cycle of poverty. Our education support program has become a hallmark to success for our deserving communities. Not to forget, the medical support saves lives of numerous people who were otherwise unable to afford medical care. Providing financial support to widows, orphans and other destitute people has also been an important program at IREC.

These combined with a multitude of other support programs has made IREC a very successful organization. With success comes challenges. We have been experiencing a very high volume of requests lately and we are ready for these challenges. With your continued support and encouragement, we will achieve even greater success and reach out to help a larger community.

As always, we appreciate your kindness and trust in our organization that makes us all successful together in our goal to give back to the community and help our destitute members achieve their dreams.

*Regards -IREC Board of Directors.*

“Believe in  
the better  
future of  
Humanity”

## EDUCATION SUPPORT

For many students, financial hardship often becomes a barrier to education. IREC scholarships provide these deserving individuals with an opportunity to overcome such limitations. This academic year, IREC has supported over 900 students, offering scholarships that enable them to continue their studies from 1st grade through college. These funds also assist students in preparing for competitive exams in fields such as **Engineering, MBA, Pharmacy and Medicine.**

Your contributions have been pivotal in transforming dreams into reality—nurturing the future generation of doctors, engineers, and leaders. By funding education, you help open doors to brighter futures, breaking the cycle of poverty and empowering individuals to achieve their potential.

## MEDICAL SUPPORT

Many in our community face life-or-death situations but cannot afford the care they urgently need. In a country with limited access to comprehensive healthcare, IREC provides financial and medical support for essential treatments, including life-saving surgeries and inpatient care such as dialysis. Additionally, we offer free prescription medications, medical equipment, and outpatient consultations, with all funds paid directly to service providers.

In Hyderabad, India, IREC has undertaken the project of building a hospital to deliver state-of-the-art medical care to underserved populations. Once completed, this facility will be the only medical center serving nearly 500,000 people, most of whom live below the poverty line. Thanks to your donations, construction is progressing on schedule, marking significant progress this year.

By supporting IREC, you are not just covering medical costs—you are offering the gift of life, health, and hope. This project has helped us make big strides during this year.

## IREC SUPPORT PROGRAMS

Since its inception, IREC has been dedicated to addressing the diverse needs of underprivileged communities. From empowering students through scholarships to offering life-saving medical assistance and providing social welfare to widows, orphans and destitute families, each of our programs is designed to create lasting change.

The following sections highlight the various ways your generosity is helping us transform lives and uplift communities.

### **IREC Additional Support Programs**

IREC runs a variety of programs designed to uplift and support the most deserving members of the community by addressing the unique needs of different demographics.

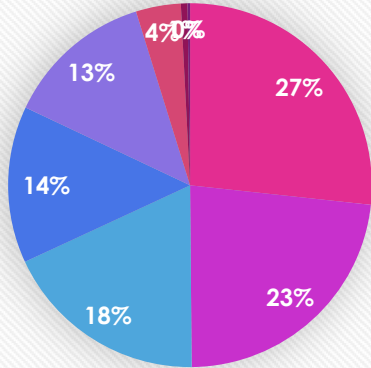

#### **1. Women's Empowerment:**

IREC empowers women to become self-employed and lead dignified lives through training programs such as computer skills, English language classes, sewing, handicrafts, and TOSS exam preparation (equivalent to the 10th-grade board exam)..

#### **2. Social Welfare Programs**

IREC's social welfare initiatives are among its longest running and most essential efforts:

- Monetary support is provided to widows, orphans, and destitute families following a thorough verification of their socio-economic conditions.
- Orphaned children receive full support for food, clothing, shelter, and education.
- Widows are granted monthly pensions to cover vital needs, including food, housing, and medical expenses.
- Destitute families receive monthly financial assistance for basic household expenses.
- Free vocational training is available for both men and women, and women are provided sewing machines to establish their own businesses.
- Monthly ration packages with essential items are distributed to deserving families.

- Hospital Construction
- Education Program
- Social Welfare Support
- Ramadan Programs Support
- Widow, Orphan & Destitute Support
- Medical Support
- Poor Girls Marriage support
- Bore-Well Program
